Dear Mr. Kreis:

We were sorry to learn of the death of Elmer Schultz, W9ZUX, and much appreciate your having informed us. His name and call will appear in Silent Keys in the June issue of QST.

We would like to include W9ZUX in the Gold Stars department of a future issue and in this connection we wonder if you can supply any additional material. We especially would like to have information regarding W9ZUX's amateur activities such as official appointments he may have held, certificates he possessed and the name of the radio club, if any, to which he belonged. Information regarding his military training, duties and advancement in the Navy would be appreciated, as would additional details of the action in which he lost his life.

Will you also please try to secure a photograph of W9ZUX, preferably one in uniform, to accompany the write-up? It will be returned promptly.

We would like to send W9ZUX's family copies of QST containing the write-up and would appreciate your giving us their present address.

With 73.

Sincerely yours,

Louisa B. Dresser
Assistant to the Editor, QST
